

Valiant office suites

Valiant Office Suites provides serviced office spaces with on-site parking and business services and is based in Rugby, Warwickshire. They joined the C & W Chamber of Commerce two years ago and took a full advantage of the services right from the onset. In the first formative months of the company the Chamber provided them with a vital grounding via new contacts of other local businesses enabling to expand the business. The networking opportunity is a great platform for businesses to meet new partners, suppliers and potential buyers and it is also a service that Valiant Office Suites values greatly. In return the Valiant team offered to contribute to the Rugby Chamber meetings hoping to provide support to other local businesses.

The Chamber provides a platform for businesses to thrive and expand and it is down to individuals to explore the potential and discover which services suit the business the most. Valiant Office Suites & Conferencing discovered the free credit referencing service and is using it on regular basis. This service is free to members and also hassle free as a Chamber adviser does all the searching on their behalf.

Another valuable service that Valiant is using is the member 2 member offers where companies provide a discount, offer or a deal to fellow members.

As Alison Franzoni, the manager at Valiant Office Suites, explains: "We have provided an offer and in return received numerous sales. I would not hesitate to recommend the Chamber, I feel that the membership is a great value for money."
